Open call for artists, MODEM Center for Modern and Contemporary Art, Debrecen, Hungary

The MODEM Center for Modern and Contemporary Art is a cultural institution with international connections, which has two main missions: the exhibition of the most significant 20th century Hungarian and international works of art, and the representative presentation of the current schools and progressive efforts of the contemporary visual art and culture as well as most respected Hungarian and international artists. The possible participation, presentation or performance of the artist's artwork is donated with modest 250 € (a condition is to create a new artwork, installation, or performance that remains in possession of the artist). Moderate regional travel expenses are covered and accommodation in Debrecen is also available.

The city of Debrecen intends to compete for the title of the European Capital of Culture in 2023, our institution is a partner in this endeavor.
